

AutoDesk DWF Viewer

Please install the DWF viewer program found on this CD under the “DwfViewer” folder. Double click on the DwfViewerSetup.exe file and the installation will begin. Please follow the steps provided by the install wizard to successfully complete the install. Once the program is installed you can view your .dwf files by double clicking on the file name itself or by clicking on the open “folder” icon found on the main menu in the AutoDesk DWF Viewer program.
